On Wednesday 13rd March 2013 the annual Kwinana Industries Youth Arts Awards was held at the Gary Holland Community Centre. The awards celebrated the creativity of over 140 talented finalists from 11 participating schools. With 90 artworks on display the evening was a huge success, especially for the Tranby students, who received 9 of the 12 awards presented.

Congratulations to Sophie Wall who won the Visual Art Category and the Major Prize for her artwork ‘Disconnected’. Jayde Mason and Kurtis Hatton also received Merit Awards for their artworks.

Congratulations also to Dylan Fox who won the Materials, Design and Technology Category for his ‘Hall Table’ with inlay work and one of the City of Rockingham $1500 Scholarships. Hannah Simpson received the second City of Rockingham Scholarship for her ‘Hall Stand’ and a Merit Award. Ben Eckersley also received a Merit Award for his ‘Hall Table’.

The result is a testament to their talent and the hard work and commitment they put into achieving their very best. Students spend countless hours in ‘The Shed’ working on their artwork and woodwork, often working during their lunchtimes, after school, weekends and even school holidays. The standard of work produced by the students is outstanding and something for which they should be very proud, as we are.

Congratulations to every student who had work exhibited in the Kwinana Industries Youth Arts Awards.
Recognition of Tranby College as a Faith Community and Commissioning of our Chaplain as a Pastor

This Thursday a very significant double event occurred in the Chapel at the College.

In the first half of the service, Tranby was recognised as a Faith Community within the WA Synod of the Uniting Church in Australia (UCA). The College Board asked for this recognition because it would acknowledge our links to the UCA including the central focus that the College places on Uniting Church values such as inclusion, social justice and service.

It is of course the work of our Chaplain, Justine Wall, which has made this recognition possible. The College has always used the ethos of the UCA as a basis for our values and approach. In particular we have always placed a heavy emphasis on welcoming all those who want to join the College, valuing the gifts and talents of all and on the need for our students to be given opportunities to explore religion and spirituality to allow them to make considered judgements about what will guide their lives.

However, since Mrs Wall joined us as Chaplain, we have been able to become far more intentional about the chapel-based learning experiences that we offer our students and the Uniting Church values have become far more tangible across the School.

Tranby’s recognition as a faith community will not impact on the lives of our students in any significant way but it does open the way for the sacraments of Baptism and Communion to be conducted at the College. Students may choose to become involved in either of these at various times in the future.

The second part of the ceremony on Thursday was to commission Mrs Wall as a Lay Pastor within the Uniting Church. As she has explained to many of her students, this is a very significant step for her because it takes her closer to her goal of becoming ordained as a Minister of the Word in the UCA. It was wonderful that the College Community could acknowledge her commitment and skills on Thursday night and I am confident that you will all join me in wishing her well for the next stage of her journey towards ordination.

As a Lay Pastor working within a Faith Community, the Chaplain can become licensed to conduct weddings and funerals and to do so using Uniting Church liturgy. We look forward to many future weddings in the Tranby College Chapel!
Assistant Principal - Mike Jenzen

Senior School Administration Building and Parenting Conference 2013

Our exciting new building project, the SSAB, is looking great and each day resembles more and more what we had imagined the finished product to be. Currently it is on schedule for completion towards the end of May this year.

Once complete, there will be a planned progressive move of staff and students into the new spaces. At this stage it is anticipated that occupancy will occur in readiness for the start of Term Three.

In August, we are also planning to hold a Parenting Conference in the new building which will both showcase the new facility as well as provide parents the opportunity to access some outstanding speakers in the area of parenting. More details will be released progressively over the coming months, please pencil Friday 16th August into your calendars.
The National Youth Science Forum: Session B Perth

The National Youth Science Forum was a magnificent opportunity to see where science can take me upon finishing school. It helped a lot of students to find direction and fueled the passion of Australia’s next generation of scientists.

I had never heard of the National Youth Science Forum before my Year 11 Biological Sciences teacher suggested I apply. After looking into the programme on the NYSF website, I soon decided that I would definitely like to be part of this amazing experience. I started by writing a letter to The Rotary Club of Palm Beach, who then interviewed me and decided to send me through to District selections. They said that I was the first student they had sponsored, to be given a District interview. At these interviews, the other students and I were required to perform a group task, an individual interview and a speaking challenge. Our acceptance into the programme was judged on our performance of these tasks and our school results from the previous years. From these interviews thirty-six Year 11 students were selected from each District. I was one of 432 students selected from approximately two thousand applicants, Australia wide. Once selected, one hurdle still remained, the cost of the NYSF. The program cost a total of $2,395. However, I was lucky enough to have the support of the Emma Cartwright Trust and The Rotary Club of Palm Beach.

On 14th January, 144 students from all over the country arrived on the lawns of Currie Hall at the University of Western Australia. The fact that I am from Perth did not matter at all, for we got to see places that are not available to the general public. It allowed me to see my home city in an extremely different light. Our first full day took us to Leighton Beach and to a variety of Perth attractions; the Perth Zoo, the Shipwreck Gallery, the Perth Mint and Kings Park. The rest of the week was filled up with lab visits to UWA, Curtin and other scientific workplaces around Perth.

Our evenings were busy with the Science Relay Quiz, Bush Dance, late night shopping and the science-themed disco all in one week. We also had our Opening Ceremony and a Rotary Dinner, where we were given a chance to meet some of the amazing people who have been supporting the NYSF and its students since its beginning in Perth, 4 years ago. Sunday was Home Hospitality day, allowing us students to get some well-needed rest. We spent the day at either a Rotarian’s house, to whom we had been introduced at the Rotary Dinner, or the home of a family member. Our second week on Forum focused more on personal development. The ‘staffies’ delivered interesting and inclusive workshops on skills like Group Dynamics, Communication, Personalities and Body Language, as well as seminars on Year 12, University and our future aspirations. We participated in mock interviews for our dream jobs, impromptu speeches, prepared speeches, debates and a science café. Wednesday was Partners’ Day, where we were given presentations by some of the universities and companies that support the NYSF. This was followed by the Science dinner in the evening so we could meet these people in person. The best of these development exercises was definitely the Mock Interviews and the Multidisciplinary Panel. We were given the task of creating a CV and sitting an interview for a future job, and then we were given the chance to be part of the interview panel for another student. Friday was our last night and we were all very sad to see off the first bus at around 3:00am on Saturday. By 6:00am all of the interstate students had left. Breakfast was considerably different with only the few Western Australians in the dining hall. I left Currie Hall at 8:00am; sad to say goodbye but eager to tell my family about all the amazing things I had done on session.

Cont…. 
I have come away from the NYSF feeling enthused and confident for the future, as it aided me in finding direction.

The most exciting part of the NYSF was definitely the lab visits. For most activities we were split into interest groups, according to the dream job title we had submitted for our mock interviews. I was in Florey, a biomedicine group, so the majority of the people in my group were aiming to study medicine at university. Our lab visits consisted of a trip to Pathwest, Sleep Science at UWA, ChemCentre, Pharmacy at Curtin University, Sport Science at UWA and CTEC at UWA. These lab visits offered us some exciting hands-on experiences such as creating our own blood slides at PathWest, monitoring the behavior of a sleeping patient (ie. a member of our group, who was hooked up to the machines and given the chance to have a rest), producing our own hand cream in the Pharmacy labs and having a go at key-hole surgery at CTEC.

These lab visits were extremely useful in providing me with direction for my future. I have always wanted to study medicine but I have now had my eyes opened to other possible pathways of interest. I was particularly fascinated by the work of Sleep Scientists and Sport Scientists, which I will now consider for myself. I would also like to apply for Pharmacy at Curtin because I was inspired by the amazing facilities, the kind faculty and of course the captivating science behind Pharmacy. Despite this my mind has not been driven away from medicine, but actually further inspired. I was given the chance to speak to medicine students, doctors and surgeons. They were all happy to give helpful advice on getting into Medicine and a career as a doctor.

Science aside, this experience has been extremely beneficial in terms of my own personal development. Amongst our tours of Perth’s best scientific locations, plenty of time was devoted to teaching us students the necessary skills to excel in our futures. I have come away from the NYSF with skills that have improved my confidence and communication. I also have a firmer grasp of what I would like to do with my future and more importantly, how to get there.

Overall, the NYSF has been an extremely beneficial experience. The skills I learnt in those two weeks will be of tremendous help in the following years. I have come away from the NYSF feeling enthused and confident for the future, as it aided me in finding direction. Not only was this a terrific learning experience but it was two weeks that I will never forget because of the fun times I had and the amazing people I met. I have come away from the program with friendships that will last me a lifetime. I strongly recommend it to younger students interested in any area of science.

Elise Salleo
Year 12 Student
Middle School News - Geoff Kay

Middle School 3-Way Conferences

A letter regarding appointments for the 3-Way Conferences to be held on Tuesday 16th and Thursday 18th April will be posted to parents shortly.

Year 8 Camp

Letters providing parent information about the Year 8 Camp to be held between 8th and 12th April have been distributed to students. A notice has also been placed on the Year 8 Portal.

Year 7 Canberra Trip

An information night for parents will be held on Wednesday 22nd May. Relevant details of the meeting and the trip have been placed on the Year 7 Portal.

Parent Forum

A reminder that the next meeting is on Monday 25th March at 4.00pm in the Middle School Staff Room.

News from Year 7

Year 7 has been an absolute blast. On the first day we met our new teachers and moved into our classrooms. We had a mini Amazing Race, which was incredible. This was the beginning of the Year 7 Inter-class Competition.

A couple of weeks later we spent a day at Byford, at the Silver Valley Day Camp. There were mini games such as Mine Field and building a house with ropes while being blindfolded. We played a few games in the dam and then went on the 400m flying fox. I cannot tell you how much fun that was!

In geography we have been drawing some incredible 2D maps of Tranby College and our own theme park. In cooking we have made delectable foods and in music we are learning about beats. The House, Curriculum, Service, Publication, Arts and IT Representatives have been chosen. To sum up, Year 7 has been the best year so far.

Harry Meuller – Curriculum Representative

Year 7 has been amazing! We have COMPLETED some team building activities, some of these were at Silver Valley in Byford.

We had a great day at Byford Day Camp. We went on the 400m flying fox, played a game called, ‘Toy Minefield’, we did the low ropes and a few other fun activities involving the dam, (which some people fell in).

We have also done some things in class that are just as great. In English, we have started to work on our Contracts. I think they are a great idea because they can be done when you have the time, as we have two weeks to do them. There are different specialists, I do Design and Performing Arts which are two of the four specialists. The others are cooking and music.

Performing Arts is loads of fun with Miss Cleary as our teacher and in Design, we are learning about topography with Miss Wood.

Doing science in the lab is new to us, but I’m sure that everyone is enjoying it just as much as I am since we are doing some awesome experiments.

Lucy Western – Curriculum Representative

Year 8 Students Strive to Succeed
The Year 8’s have had an amazing first few weeks of the year. The teachers are extremely happy with the behaviour, effort and enthusiasm displayed by all students. “There has been a very calm start to the year,” Mr Kay, Head of Middle School told us, “and everyone seems to be getting on with things well, and the Year 8’s are showing a lot more leadership. The Year 8 sporting events are also going very well. The cricket and basketball (for boys and girls) is running very successfully. There has also been lots of participation during lunch time competitions.

We interviewed some students about Year 8:
Ewan Fletcher told us: “There has been no bullying and this year has been good because of friendly students and nice teachers who have taught us our subjects well.”
Tanaya Murakami said: “I like all the teachers in Year 8 because they are encouraging and supportive.”
Riley Smith thinks that: “The teachers have been pushing us to do our best, new and old students have become friends and the sports are more challenging than last year.”

Let’s hope that the students in Year 8 continue to strive for their best for the rest of the year!

By Lachlan Stewart and Siobhan Wall, Year 8 Publications Captains.
**Junior School News - Graham Badge**

**Indonesian Week** will take place in the Junior School from Monday 25\(^{th}\) March through to Thursday 28\(^{th}\) March. During this week the secondary school will be hosting students from SMAN5 School in Surabaya. Information about the week will be forthcoming from each year group. The program will be:

**Monday:** ‘Cultural Dance Performance’ by the Indonesian students from SMAN5 at 11:15am in the MPH. Parents are welcome to attend. Visiting at that time will be Indonesian Consular officials and the Principal of SMAN5.

**Tuesday:** ‘Rainforest’ incursion for Years 2, 4, 5 & 6. The RAINFORESTS program will take students on a journey into the most biologically diverse environment on the planet.

**Wednesday:** ‘Rainforest’ incursion for Years Pre-Primary, 1 & 3. Indonesian/Asian themed ‘Market Day’ 11:55am - 12:35pm. A variety of foods and small items will be available for purchase.

**Thursday:** All classes PP – 6 ‘Asian Animal Experience’ at Perth Zoo. Buses will leave school at 8:50am and return by 3:00pm. Children will form into groups and rotate through a range of activities conducted by the Zoo staff.

It looks like a busy exciting week that will provide cultural understandings to support our Indonesian language program.

**IPSHA Swimming Carnival**

On Thursday 14\(^{th}\) March Tranby College dominated the IPSHA Swimming Carnival at Wesley College. The Interschool Swimming Team performed to the best of their abilities even though it was a freezing cold, horrible day. The Tranby relay teams ruled the pool, with almost all of our teams coming first. Most of our competitors placed from 1\(^{st}\) to 4\(^{th}\) place. A special mention goes to Caitlin Silas who beat the Year 5 50m freestyle record.

The whole day was filled with cheering, laughter and winning. Even though there was no winning or losing school announced at the end of the day, everyone who competed is a winner to us. Thank you to Miss White, Miss Reilly and Mrs Longman for being such great coaches. All in all, Tranby did really well and we all came back with ribbons and huge smiles.

*Shaar Osmun-Tamati, Brianna Sanders, Ben Roots - Year 6*
Tranby Student Exchange to Surabaya 2013

DATE: Saturday 21st September – Tuesday 1st October
WHERE: SMAN5 Surabaya
COST: Approximately $1,000 per student

Students in Years 10, 11 and 12 are invited to put in their expressions of interest to participate in the 2013 Tranby Exchange.

Students stay with SMAN5 families for the duration of the tour and will attend SMAN5 school during school hours. Included in the program are 2 half days of intensive Bahasa Indonesia learning in the school environment. They will then be escorted by me to a local shopping centre to interview locals which will be filmed and assessed.

Students and Tranby Staff will also be involved in 2 half days of environmental community service for the Surabaya City.

The cost of the exchange trip will be added to the fee accounts for the students that are attending. Parents may then choose to pay this off in the way that suits them best. For example, you could pay it off in one lump-sum, or by making some extra payments through the year, or if you are paying your fees by direct debit arrangement, we can simply adjust your direct debit amount upwards to include the cost of the trip. All the usual payment methods are available, including cash, cheque, direct bank payment, direct debit and credit or debit card.

Please note that once flights and accommodation are booked, cancellation charges will apply.

If students have hosted Surabaya students in March 2013 they will be placed with that family and further the friendships that have been made.

A meeting will be held in the first week of March for interested students and parents.

Regards

Vicki Richardson
Indonesian Teacher/Cultural Coordinator

Tranby Exchange to Surabaya 2013

DATE: Saturday 21st September – Tuesday 1st October
WHERE: SMAN5 Surabaya
COST: Approximately $1,000 per student

I am interested in participating in the Tranby Exchange to Surabaya.

Student name: ______________________________________________________

Parents signature: ___________________________________________________

Please return to Ibu Richardson or Administration ASAP
Sports Nutrition Talk

TRANBY was extremely fortunate to host renowned sports nutritionist and author, Mr Glenn Cardwell, who accepted our request for him to visit the College on Thursday 7th March. Mr Cardwell presented a Sports Nutrition Talk in the College Chapel to our Years 4-12 Inter-school Swimmers (prior to their Inter-school Swimming meets of IPSHA & ACC respectively), senior PE Studies students and parents about Nutrition for children and swimmers in particular.

It was a fantastic opportunity to learn and hear from such an experienced and knowledgeable practitioner.

Mr Cardwell spoke about the importance of carbohydrates in a swimmer’s (athlete’s) diet and the role of protein, fats and fluids in a sporting diet. Parents and students were given the opportunity to ask questions at the end of the Presentation and Mr Cardwell stayed behind with the Year 12 Stage 3 PE Studies students to talk to them about Sport Nutrition as it was outlined in the PE Studies curriculum.

Judging from the amount of parents and students that stayed back to mingle and ask even more questions, Mr Cardwell’s visit proved to be an interactive, educational and enlightening presentation.

Thank you for visiting, Mr Cardwell!

Mr Jonathan Silas – Year 7-12 Physical Education, Health & Sport Teacher

RKAS Kicks off for 2013

The RKAS sporting competition kicked off in week 4 with 6 local schools competing in Basketball and Cricket.

Tranby has started the season off very well with the results as follows for the first two rounds:

**Round 1**
- Year 7 Girls Basketball: TRA 48 dft SCBC 14
- Year 7 Boys Cricket: TRA 162 dft SCBC 82
- Year 8 Girls Basketball: TRA 54 dft SCBC 14
- Year 8 Boys Cricket: TRA 182 dft SCBC 67

**Round 2**
- Year 7 Girls Basketball: TRA 34 dft SJGS 28
- Year 7 Boys Cricket: SJGS 91 dft TRA 0
- Year 8 Girls Basketball: TRA 28 dft SJGS 20
- Year 8 Boys Cricket: TRA 49 dft SJGS 46

Tranby will play Living Waters in their week 6 fixtures with the Year 7’s playing at home and the Year 8’s away. There will be a bye in week 7 for all teams.

To keep up to date with the current scores and ladders for all competitions go to the College website or to http://www.accsport.asn.au/interschool-sport/rkas. Scores and ladders are all updated within 48 hours of each match. Parents can also follow the RKAS competition on Twitter to keep up to date with all of the competition information.
Mr Rooney, Tranby’s Drum Teacher is looking for keen students to form a: **Drumming Ensemble**

It will be a Military Style Group playing fun rhythms and groovy beats. Rehearsals will be on Monday after school, 3.30pm – 4.30pm. Interested students who are committed to rehearsing and practicing should leave their details with Mrs Bowen at main Reception.

**Stage 2 & 3 Dance Excursion**

On Friday 1st March, Year 11s and 12 students from Stage 2 & 3 Dance travelled to Perth City, where we participated in a Contemporary workshop at Buzz Dance Theatre and watched the performance ‘3G’, which is part of the Perth International Arts Festival.

We left the College in the morning and travelled to the City, where we first went to the King Street Arts Centre for our workshop with Buzz. The main objective of this workshop was to increase our choreographic skills and find imaginative ways of creating new movement ideas. I think that we surprised ourselves – even Ms Lacey, with how creative we could be when we fully committed ourselves to the tasks that were set. Two fun-filled hours later, we were inspired and looking forward to choreographing our solos for our upcoming Practical Examinations.

After lunch, we walked to the State Theatre Centre to watch ‘3G – Trois Generations’ performed by Steps Youth Dance Company and STRUT Dance. ‘3G’ is a work about the stages in which we go through in life, from childhood right through to becoming elderly. The work explores the idea that, despite the changes to our bodies we can still perform and appreciate dance. The performance was very engaging and we all enjoyed it very much. We will be writing a critical analysis of the performance as part of our course work.

Overall, it was a really enjoyable day, we challenged ourselves, had fun and we all took so much away from the day that we can apply to help us with our Dance Course.

*Bethany Grayson*  
*Year 12 Dance student and Arts Captain*

### FIFO Rockingham

Email: rockingham@fifofamilies.com.au

Seminar—How to get the FIFO Relationship You Want—Rockingham

**Date:** Monday 8th April 2013  
**Time:** 10.00am—12.00noon approximately  
**Location:** South Coastal Women’s Health Service  
4 Civic Boulevard, Rockingham  
**Cost:** $17 per Premium Member / Couple  
$57 per Basic Member / Couple

South Coastal Women’s Health Service have comfortable meeting rooms with child minding on site for an additional fee of $3 per child payable on the day. For those bringing children please pack a snack and bring a drink bottle.

### Heritage Park Easter Fair

Come along and go on an Easter Bunny Hunt, an Easter Egg Hunt, make Easter crafts, race in an egg and spoon race, pet small animals, bounce on a bouncy castle and grab something yummy to eat from the Baldivis Scouts Sizzle! All at the Campolina Avenue Park in Heritage Park, Friday 29th March 2013, 10am-12 noon. Bring your picnic blankets and be there for a lovely Easter morning! Coffee available for adults.
Employment

POSITION VACANT

TRAFFIC WARDEN

Tranby College requires a Traffic Warden to commence as soon as possible to direct cars and to oversee the Kiss ‘n Drive zone.

This is a fixed term position until 6th December 2013. You will be required to work Monday – Friday from 2:45pm – 3:30pm, Term time only.

Wages

Educational Services (Schools) – General Staff Award 2010
Level 1 School Operational Services - $16.4210 per hour rising to $17.668 per hour.

Please contact:  Mrs Jeanette Buonocore
Business Manager
Tranby College
