Our school has rigorous Cybersafety practices in place, which includes a Cybersafety Use Agreement for all school staff and students.

The overall goal of the College in this matter is to create and maintain a Cybersafety culture, which is in keeping with the values of the College, and legislative and professional obligations. The school's computer network, internet access facilities, computers and other school ICT equipment/devices are for educational purposes appropriate to the school environment. This applies whether the ICT equipment is owned or leased either partially or wholly by the College and used on or off the school site.
