

OPENING YOUR EDSTART ACCOUNT

Tranby has partnered with Edstart, a fee payment service that offers families flexibility and convenience when it comes to paying College fees.

With Edstart, College fees can be spread evenly over the course of the year with options to pay weekly, fortnightly or monthly. There is also the option to pay termly or annually.

There is no charge for this service, and you can adjust your payments at any time.

We are pleased to share news that the College is offering a 2.5% discount on Tuition Fees for families who choose to pay their fees in full by Friday 9 February. This discount will be applied when you select the annual payment option via Edstart.

To set-up your Edstart account, please visit edstart.com.au/tranby and:

1. Enter your name, address and contact details.
2. Nominate your BSB, account details and preferred payment cycle.

Edstart will then contact you to confirm your details and finalise your account set-up.

Once set-up, Tranby will send a copy of your invoice (which will include elective costs, sibling discounts etc) to Edstart to commence processing payments.

Should you wish sign-up and arrange for payments to start immediately for the balance of your 2023 fees, please advise Edstart when they call to verify your account.

If you have any queries regarding payment arrangements or account details, please contact Edstart on **1300 139 445** or contact@edstart.com.au .
